**Unicko**

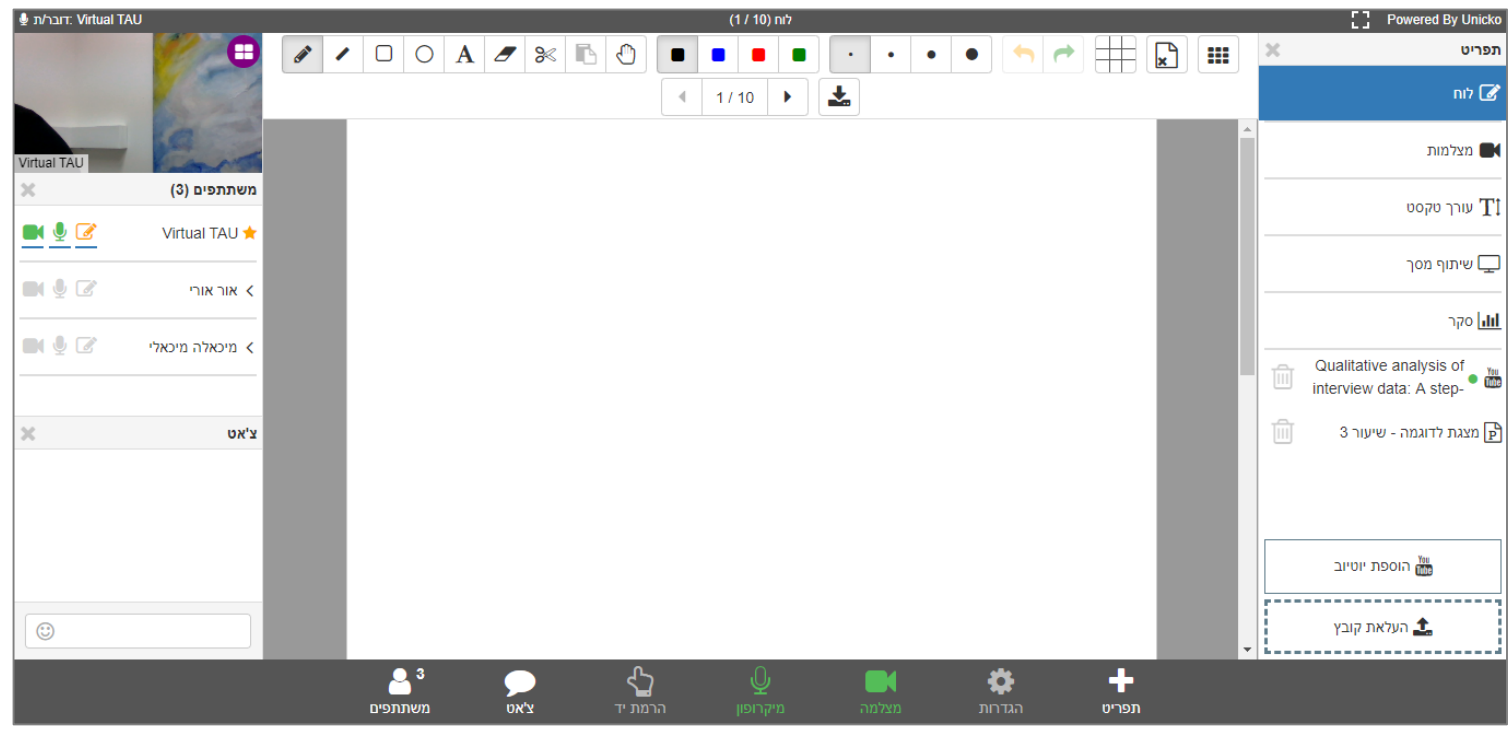

**Synchronous lesson in distance learning**

**Students Guidelines**

# Unicko

A virtual classroom that includes audio and video

A synchronized lesson in the Unicko virtual class at a given date and time

# How to log on to the virtual lesson

- Before the lesson starts, you will receive an email from the course lecturer with a link to the online course.
- At the time of lesson , enter the link and you will be taken to home page

The screenshot shows a login page titled "Sample lesson English". It includes a "Test Speakers and Microphone" button, input fields for "First name:" and "Last name:", a checkbox for "I have read, understood and agree to the Terms of Use and Privacy Policy.", and a "Join Now" button. Annotations include a box labeled "Sound and mic check" pointing to the microphone test button, and a box with instructions: "Write your full name", "Read and confirm the terms of use", and "Click the login Button" pointing to the name fields and the "Join Now" button.

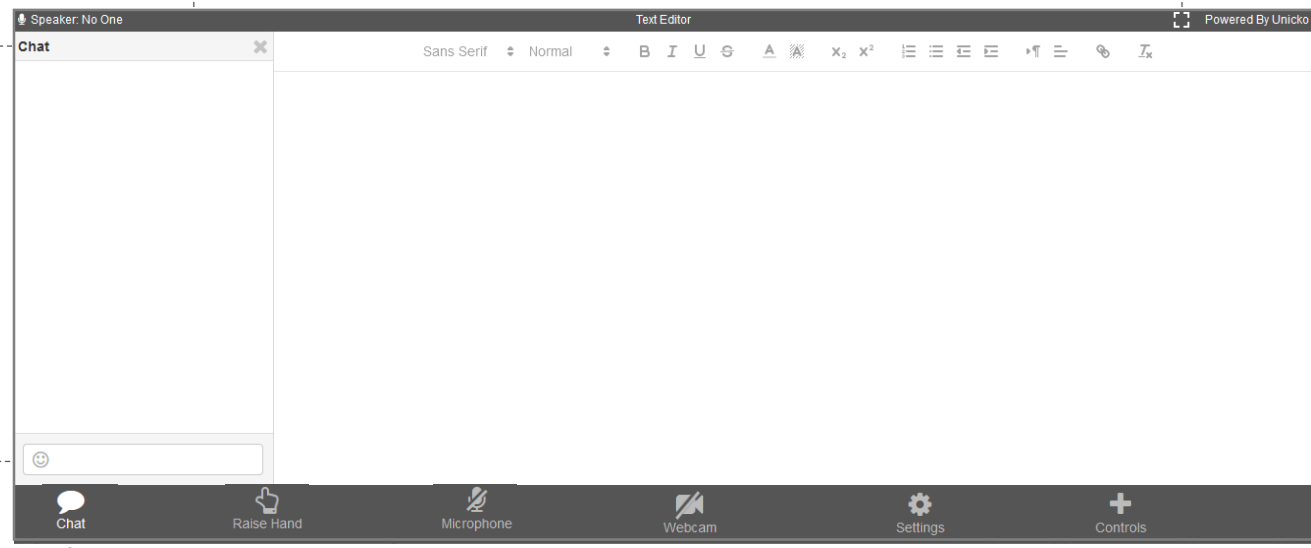

**It is highly important to enter the class 10 minutes before the class begins, to make sure that the speakers and the internet connection are in order**

# The Virtual classroom

The lecturer's Presentation/Video/Etc., will appear in the main window

Chat room

**Chat** - Panel view:  
 Full Screen/side screen

Clicking on the **Raise Hand** button will send the lecturer indicator next to your name

Active only if the lecturer allowed use

In **Settings** You can set up your mic and camera  
 At the end of the class you can Log Out

The **Controls** options are only available if the lecturer allowed use

# Logout from the classroom

## To leave class:

1. Click Settings

2. Click disconnect
